(2) Mr. M. D. Narasimha Iyengar, Sri Yadugiri Sadananda Vardhini Sabha, Melkote.
(3) Mr. Chikka Subba Rao, Hunsur taluk.

(2) Local Fund schools are not being properly inspected every year. It will take at least one week for an Inspector to examine all the classes of a school. At the rate of 4 schools in a month, not more than 50 schools can be inspected in one year. Inspecting school masters may be appointed to inspect these schools once in four months and to send up their inspection reports to the officers of the Education Department and also to the Presidents of the District and Taluk Boards. Deputy Inspectors and Assistant Deputy Inspectors may inspect at any time during the year. The Kannada teachers of larger institutions may be made to inspect these Local Fund schools and they may be given some fixed allowance for this additional work.

(3) The work done in the village elementary schools is not satisfactory though the pay of school masters has been enhanced. Arrangements may be made for the visit of such schools by the members of the committee at least once a month and also for reporting the condition of schools to the officers concerned.

Reply of Government.—Noted.

SUBJECT No. 138.

Removal of the time limit of study in college classes.

Mr. Suryanarayana Setti, Arkalgud taluk.

Note.—Not discussed owing to the absence of the proposer.

SUBJECT No. 139.

Examination centres for School Final examination.

Messrs. Krishna Setti and Santarajaiya, Hassan Municipality.

Summary of discussion.—The district headquarter towns in the State may be made centres for the School Final examination.

Reply of Government.—Not feasible.

SUBJECT No. 140.

Separate headmasters for Kannada classes in A.-V. schools.

Mr. Bade Sab, Jagalur taluk.

Summary of discussion.—Kannada classes in A.-V. schools may be separated and entrusted to the management of the Town Committees and separate headmasters appointed for them.

Reply of Government.—Will be considered.

SUBJECT No. 141.

Construction of schools by Village Committees.

Mr. M. Venkataramaiya, Manjarabad taluk.

Summary of discussion.—There are a few schools in the malnad taluks. After the formation of the Village Improvement Committees some schools have been constructed both by Government and the raiyats. If the Government aid is now removed there may be considerable difficulties in constructing new schools. Government may therefore encourage the Village Improvement Committees to build schools by giving half the cost of construction.

Reply of Government.—Grants are made in the Education Department for the purpose and the question of enabling the Village Committees to be paid promptly for works undertaken is engaging attention.
